**Synopsis :**

The collective unconscious adopts certain myths. Reason why such a world popular stories/tales populate the west imaginary with Aladin, Sherezade, Ali Babá for example. Tales that are between representation and imaginary, colored ambiances, movements, flying objects, all bringing to the world that it should not ever stagnate, giving us the great lesson of Dream. Here my 1001 interpretation.

**Credits**

created-directed-produced by	anabela costa
music by	Jean-Claude Heudin & Angelia (AI) <a href="http://www.jcheudin.fr/">http://www.jcheudin.fr/</a>
image generation – animation -edition	anabela costa
